

## Complete vision care coverage for children

Your kids have vision insurance from BlueCross® BlueShield® of South Carolina. Through your health plan, you can enjoy this high quality Pediatric Vision Care Plan for kids under 19. VSP is an independent company that offers a provider network on behalf of BlueCross. This plan is a complete vision benefit that covers annual visits to the eye doctor. It includes a WellVision Exam® that tests for childhood eye health and vision issues, like nearsightedness, amblyopia (lazy eye), and strabismus, and it covers trendy and kid-friendly prescription glasses from our exclusive Otis & Piper™ Eyewear Collection. When you sign up for your medical benefit, all of the vision benefits are covered in full at a VSP eye doctor. VSP puts your child first by delivering the most value and the best care for you and your kids.
