Blue Dental Plan Features

To ensure all employees have access to the Blue Dental portfolio, employers can contribute between 5-100 percent of the employee premium. And Blue Dental plans only require 20 percent participation of eligible employees.

Flexible choices for you and your family

With your BlueCross dental benefit, you have the freedom to choose a provider when you receive treatment. You do not have to choose a primary dentist ahead of time. You don't need referrals for specialty care. You also do not have to visit the same dentist as your eligible dependents.

Do I need an ID card?

When you go to the dentist, present your ID card to make sure the dentist applies your benefits correctly. Your dentist can easily verify your coverage by calling the customer service numbers on the back of your ID card.

Why would I want to go to an in-network provider?

With BlueCross dental benefits, you receive benefits whether or not you and your eligible dependents visit a participating dentist. When you visit a participating dentist, you'll enjoy lower, out-of-pocket expenses as our providers have agreed to lower their fees.

Locating a participating dentist

- > Visit www.SouthCarolinaBlues.com
- > Go to the Find a Doctor on the right of the webpage and click on Get Started
- > Click on Browse Providers
- > Click on Search Dentist
- > Under Find a Dentist select how you would like to search for a Dentist

Will I have to file my own claim?

Participating network dentists will file the claim directly to BlueCross. With non-participating dentists, you may need to file the claim directly to BlueCross. In that case, you can get a claim form from:

- > Your Human Resource department or
- > Go to our website: www.southcarolinablues.com
Select Insurance Basics, then select "File a Claim" and then select "Dental". Please look at the back of your ID Card to see if your claims are filed in Greenville or Columbia.

How to get an estimate of coverage before treatment?

We recommend you have your dentist submit a request for a pre-treatment estimate for services in excess of \$300. This often applies to Major Services. When your dentist suggests treatment, have your provider send an undated claim form along with the proposed treatment plan to BlueCross. We will send a pre-treatment estimate to you and your dentist detailing what services your plan will cover and how much it will pay.
