Dear Valued Customer:

The Medicare Modernization Act requires employers to compare their health plan's prescription drug benefits to the standard Medicare prescription drug benefit, and provide notice of the results of the comparison to each Medicare-eligible member of their health plan who has prescription drug coverage. This notice is required in order to help the members decide whether to enroll in a Medicare Prescription Drug Plan or continue with any prescription drug coverage provided by the employer's health plan.

An employer's pharmacy benefits are considered "creditable" if the benefits are at least as generous as the Medicare Part D benefits. BlueChoice HealthPlan's actuarial department has evaluated your pharmacy benefits using criteria outlined by the Centers for Medicare and Medicaid Services (CMS), the federal agency that oversees the Medicare program. Our evaluation has determined that your coverage is at least as generous as the Medicare Part D benefits and therefore considered creditable.

Federal law requires that this information be issued to employees during the initial Medicare prescription drug open enrollment period. As a courtesy, we are enclosing a sample notice that you may use to inform employees that your prescription drug coverage is comparable to the standard Medicare prescription drug benefit and therefore considered creditable. This sample is based on the model notice provided by CMS. You may use this sample notice or create your own notice to your employees.

**Note: As an employer, you must notify CMS that your coverage is considered creditable.**

Details regarding the Medicare Modernization Act and options related to Medicare Part D may be found at <https://www.cms.gov/CreditableCoverage/>

If you have any questions, please call BlueChoice HealthPlan Member Services at 1-800-868-2528, Monday through Friday from 8:30 a.m. to 8:30 p.m.

Sincerely,

BlueChoice HealthPlan

Encl.

# **Important Notice from BlueChoice HealthPlan About Your Prescription Drug Coverage and Medicare**

**Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Wyman Gordon and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and cost and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.**

**There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:**

- 1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.**
- 2. BlueChoice HealthPlan has determined that the prescription drug coverage offered by Wyman Gordon is, on average for all plan participants, expected to pay out as much as the standard Medicare prescription drug coverage will pay and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.**

---

## **When Can You Join A Medicare Drug Plan?**

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15<sup>th</sup> to December 7<sup>th</sup>.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

## **What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?**

If you decide to join a Medicare drug plan, your current Wyman Gordon coverage will not be affected. If you do decide to join a Medicare drug plan and drop your current Wyman Gordon coverage, be aware that you and your dependents may not be able to get this coverage back.

**The details of your current coverage through Wyman Gordon are as follows:**

### **When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?**

You should also know that if you drop or lose your current coverage with Wyman Gordon and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.
