

Treatment Cost Estimator

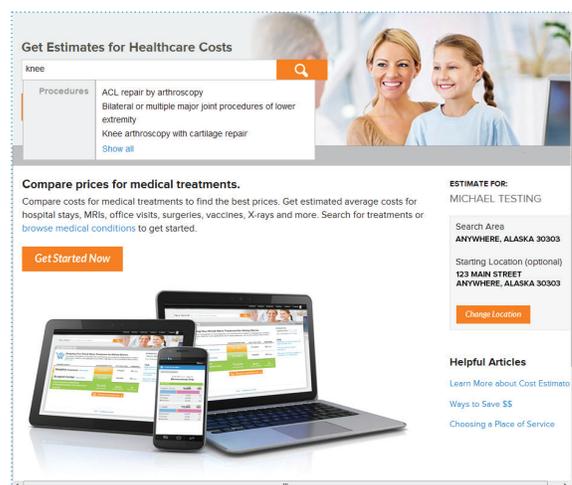

Know before you go

Before making an expensive purchase, you probably research the cost and quality of an item, then shop around. Wouldn't it be great if you could do that with your health care? With the Treatment Cost Estimator, you can!

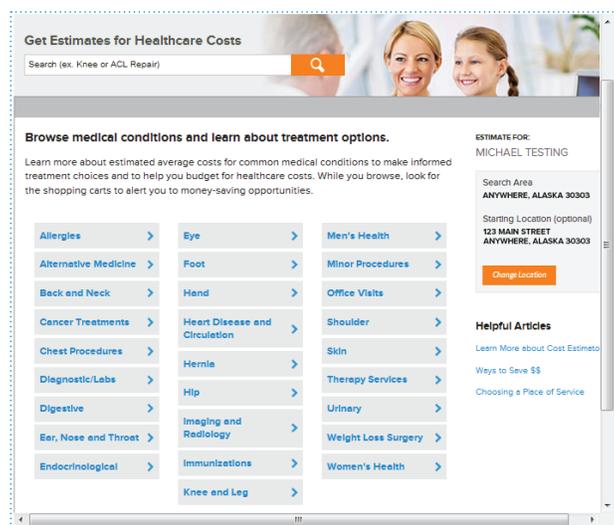

Costs can differ for the same treatment or service, depending on where you go. Quality of care also can vary from one provider to the next. With the Treatment Cost Estimator, you have access to information ahead of time to make the choice that's right for you.

Log in to [My Health Toolkit®](#), select [Resources](#), then [Treatment Cost Estimator](#). If you know the name of the procedure, use the smart search function at the top of the page. You can select from suggested names or view a full list associated with your search.

Or, select [Get Started Now](#) to narrow your options.

[Get Started Now](#) gives you additional categories and options.

In each category, you'll see a brief description, followed by names of common procedures.

When you find the procedure, select **Get Your Cost**. You'll see a list of medical facilities in your area that provide this type of treatment and how far each one is from your home.
