

How Strong is Your Network?

The true advantage of group dental insurance lies in the strength of its network — but what really makes a network mighty?

Guardian® knows the essential elements of a strong network are a combination of size, discounts, and network utilization.

Network Size:

Network must have a large and high-quality selection of dentists in the area.

Network Discount:

Plans should offer members significant savings on dental care.

Network Utilization:

Since discounts are based on using in-network providers, a plan must include a provider panel that members want to utilize.

Guardian is a leader on all fronts:

Access to Dentists All Over

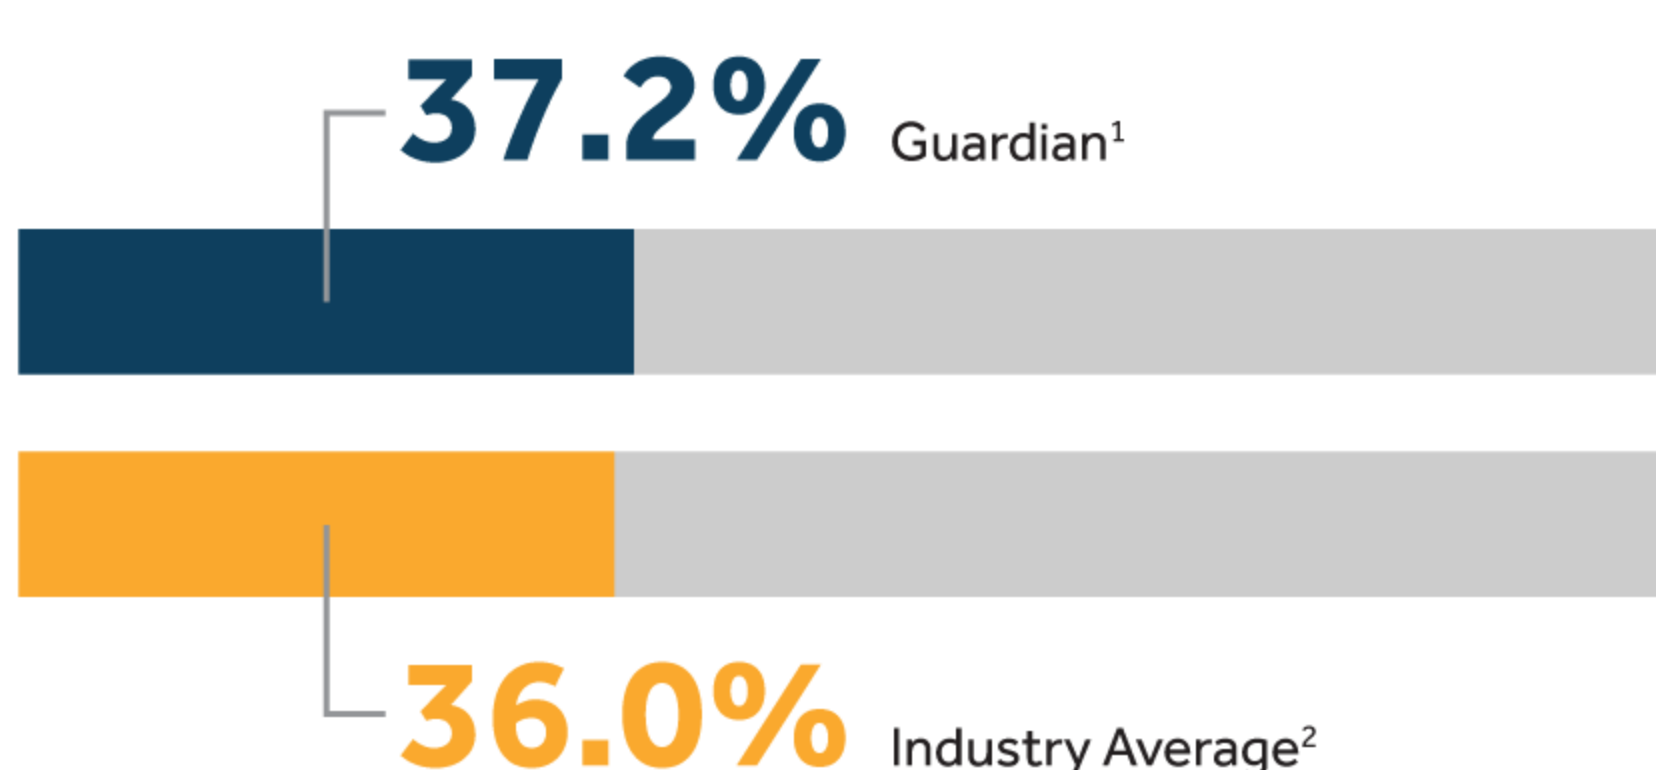

118,000+ Total Unique Providers

384,000+ Total Locations

Saving with Network PPO Discounts

Above-Average Network Utilization

We're always getting stronger.
