

Prior Authorization

January 2020

Most benefit plans include the Prior Authorization program. Check your plan materials to see if this information applies to you.

What Is Prior Authorization?

It's a quality and safety program that promotes the proper use of certain medications. If your doctor prescribes a medication that is included in our Prior Authorization program, you must get prior approval before your plan will cover your medication.

We base the Prior Authorization program on U.S. Food and Drug Administration and manufacturer guidelines, medical literature, safety, accepted medical practice, appropriate use and benefit design.

Which Medications Are Included?

This list includes both specialty and non-specialty drugs that require prior authorization under your **pharmacy benefit**. You will also find information on where your doctor should send requests for prior authorization.

Some drugs require **Medical Necessity Prior Authorization (MNPA)**. Before your plan will cover these drugs, you must try one or more covered alternatives first.

If your health plan requires prior authorization for specialty drugs under the **medical benefit**, you can find more information on the Medical Prior Authorization drug list online at your health plan's website.

What Are the Possible Outcomes of a Prior Authorization Request?

- If you meet the requirements, your drug will be approved, and we will cover it. Your drug may be approved for up to one year or more. You will be sent a letter letting you know that your drug has been approved.
- If you do not meet the requirements, your prior authorization will be denied. Also, if your doctor does

not send in the requested information within a certain period of time, your prior authorization will be denied. If your request is denied, both you and your doctor will be sent a letter explaining the denial. The letter will include information about how you can appeal the decision.

What Happens At The Pharmacy?

The pharmacist enters your prescription information into the computer system. If your medication needs prior authorization and you already have it, the pharmacist will fill your prescription. If you do not have prior authorization, you have three choices:

- You or your pharmacist can call your doctor and get a prescription for a different medication that does not need prior authorization.
- You can pay full price for your medication.
- You or your pharmacist can ask your doctor to get prior authorization for you.

If you do not meet the requirements for prior authorization, you can still choose another option. You and your doctor make the final decision about the medication that is right for you.

If you submit your prescription to your plan's home-delivery (mail-order) pharmacy and do not get the required prior authorization, the pharmacy will not fill your prescription. You will receive notification by mail.

What Happens At A Specialty Pharmacy?

Usually, your doctor will call or fax a prescription directly to the specialty pharmacy. If your prescription requires prior authorization, the specialty pharmacy will tell your doctor how to request this.

Your benefit document defines actual benefits available and may exclude coverage for certain drugs listed here. Check your benefit information to verify coverage or view your personal benefit information on our website. This list may contain trademarks or registered trademarks of pharmaceutical manufacturers that are not affiliated with your health plan. This list may change or expand from time to time without prior notice. When we list brand-name drugs, programs may also apply to any available generic equivalents.

Prior Authorization List – Specialty Drugs

This list applies to specialty drug coverage under the *pharmacy benefit only*. To request prior authorization for these drugs, please have your doctor call 855-811-2218. Drugs listed with a (+) require medical necessity prior authorization — see **Table A** for more information. To request prior authorization for drugs listed with a (^), please have your doctor call the precertification number on the back of your member identification card. Preferred drugs under the pharmacy benefit are listed with a (#).

Table A: Specialty Drugs Requiring Medical Necessity Prior Authorization

Condition/Drug Class	Before you have coverage for one of these drugs you must have tried one (or more) of these alternative drugs first.
Brain Cancer	Temodar	temozolomide
Colon Cancer	Xeloda	capecitabine
Cystic Fibrosis	TOBI Podhaler	Tobramycin inhalation
Decrease in White Blood Cells	Neupogen	Zarxio
Growth Deficiency	Genotropin, Nutropin/AQ, Omnitrope, Saizen, Zomacton	Humatrope, Norditropin Flexpro
Hemophilia	Helixate FS	Kogenate
High Cholesterol	Juxtapid, Kynamro	Repatha
Infertility	Follistim AQ	Gonal-F (<i>all</i>)
Inflammatory Conditions (Crohn's Disease, Psoriasis, Rheumatoid Arthritis)	Actemra, Cimzia, Entyvio, Inflectra, Kineret, Orenzia, Remicade, Rituxan, Simponi/Aria	Cosentyx, Enbrel, Humira, Kevzara, Otezla, Stelara, Xeljanz/XR
Leukemia/Multiple Cancers	Gleevec	imatinib
Multiple Sclerosis	Avonex, Extavia, Ocrevus, Plegridy, Tysabri	Aubagio, Betaseron, Copaxone, Gilenya, glatiramer, Glatopa, Rebif, Tecfidera
Osteoarthritis of the Knee	Euflexxa, Monovisc, Orthovisc, Synvisc/One	Gel-One, Hyalgan, Supartz
Pulmonary Arterial Hypertension	Adcirca, Revatio	tadalafil, sildenafil

Prior Authorization – Non-Specialty Drugs

To request prior authorization for these drugs, please have your doctor call 855-811-2218. Drugs listed with a (+) require medical necessity prior authorization — see **Table B** for more information.

Table B: Non-Specialty Drugs Requiring Medical Necessity Prior Authorization

Condition/Drug Class	Before you have coverage for one of these drugs you must have tried one (or more) of these alternative drugs first.
Arthritis/Pain	Flector (<i>diclofenac epolamine</i>) patch, Naprelan	Generic oral immediate release NSAIDs
Asthma/COPD (A)	Dulera	Advair Diskus, Advair HFA, Symbicort
Asthma/COPD (B)	Incruse Ellipta, Seebri Neohaler, Tudorza Pressair	Spiriva, Spiriva Respimat
Blood Clots	Savaysa, Pradaxa	Xarelto, Eliquis
Cholesterol Lowering (high potency)	Crestor	atorvastatin, ezetimibe/simvastatin (<i>generic for Vytorin</i>), rosuvastatin
Cholesterol Lowering	Lescol/XL, Lipitor, Livalo, Mevacor, Pravachol, Zocor	atorvastatin, fluvastatin, fluvastatin ext-rel, lovastatin, pravastatin, rosuvastatin, simvastatin
Depression	Oleptro	trazodone
Dermatologic	Olux-E	Clobetasol propionate foam 0.05%
Diabetes (Insulin)	All Apidra, Humalog (insulin lispro), Humulin (<i>except U-500</i>), Novolin Relion	Novolog, Novo Novolin
Diabetes (long-acting insulin)	Basaglar, Levemir, Tresiba	Lantus, Toujeo
Diabetes (Biguanides)	Riomet	metformin/XR (<i>generics for Glucophage/XR</i>)
Diabetes (DPP-4)	Jentaduetto/XR, Kazano, Kombiglyze XR, Nesina, Onglyza, Oseni, Tradjenta	Januvia, Janumet/XR
Diabetes (SGLT2)	Invokana, Invokamet/XR	Farxiga, Jardiance, Synjardy/XR, Xigduo XR
Diabetes (GLP-1)	Bydureon/BCISE, Byetta	Ozempic, Trulicity, Victoza <i>These drugs require prior use of metformin, metformin ER (generic Glucophage XR) or authorization through the Prior Authorization department.</i>
Diabetes Supplies	All test strips other than OneTouch <i>Members on insulin pumps that require specific test strips other than OneTouch may be granted a lifetime approval to continue to get their current test strips.</i>	OneTouch
Glaucoma	Lumigan	latanoprost, Travatan Z, Zioptan
Hypertension	Avapro, Avalide, Cozaar, Hyzaar, Diovan/HCT, Edarbi, Edarbyclor, Micardis/HCT, Tekturna/HCT, Teveten/HCT	generic ARBs
Irritable Bowel Syndrome (constipation predominant)	Amitiza	Linzess
Irritable Bowel Syndrome (diarrhea predominant)	Viberzi, Xifaxan 550 mg	loperamide, diphenoxylate/atropine
Nasal Steroids	Beconase AQ, Dymista, Flonase, Nasacort AQ, Omnaris, Qnasl, Rhinocort AQ, Zetonna	budesonide nasal spray, flunisolide, fluticasone nasal, mometasone furoate nasal spray, triamcinolone
Overactive Bladder	Detrol/LA, Ditropan XL, Myrbetriq, Oxytrol, Toviaz, Vesicare	oxybutynin ext-rel, solifenacin, tolterodine, tolterodine ext-rel, trospium, trospium ext-rel, Gelnique
Sleep Medications	Ambien/CR, Belsomra, Edluar, Intermezzo, Sonata	eszopiclone, ramelteon, zolpidem, zolpidem ext-rel, zaleplon
