## Activity options

### Option 1: Complete your Rally® Health Survey.

Take a fun and interactive health survey to get your Rally age — a number that can be higher or lower than your physical age based on your lifestyle and risk factors.

### Option 2: Complete three Rally missions

Improve the way you move, care, feel or eat by adding missions to your daily routine. You can choose missions as soon as you receive your Rally age. Make sure you follow the instructions to check in daily or weekly. After four weeks, your mission is complete!

### Option 3: Have a wellness exam

Complete your annual physical using an in-network doctor. Women may complete a routine physical or an annual gynecological exam. Once your doctor files the claim for your visit, you will receive your reward. Schedule your exam as far in advance as possible to ensure you receive the credit before the end of your benefit year.
