## Protect your paycheck for the long-term

An accident or illness can put your life on hold. It may even mean you can't work. How do you pay your bills? Long-term disability replaces part of your income if you can't work due to a covered disability. You can use this money to help you pay everyday expenses, like your mortgage or rent, utilities, childcare and groceries.

## How it works

Your employer is offering you and your coworkers this coverage as a group, at a group rate. You are responsible for paying a portion or all of the cost.

## Long-term disability FAQs

### What if I have a pre-existing condition?

If you submit a claim within 12 months of your insurance taking effect, or 12 months following any increase in your amount of insurance, we will not pay any benefit for any pre-existing condition. A pre-existing condition includes anything you have sought treatment for in the 3 months prior to your insurance becoming effective. Treatment can include consultation, advice, care, services or a prescription for drugs or medicine.

### How much insurance do I need?

Visit [www.sunlife.com/calculators](http://www.sunlife.com/calculators) for help understanding how much insurance you may need.

### How do I file a claim after becoming disabled?

Check with your employer to make sure you are eligible for benefits. Then, file a claim with Sun Life. We will ask for information from you about your doctor, your income, and your condition. We will ask for medical records and for your doctor to fill out a form about your condition and your expected recovery. You can download forms from our website.

### How is my benefit taxed?

If you pay for your coverage all post-tax, your benefit will not be taxable income or tax reported by us to the IRS. If you pay for your coverage all pre-tax, or if you pay for part of your coverage post-tax and your employer pays for the rest, or if your employer pays the entire premium, some or all of your benefit amount will be taxable income, which will be tax reported on a Form W-2 and it may have FICA tax deductions that reduce the amount we pay you. Please consult with a tax advisor or your employer if you have any questions.

### How do I qualify for benefits?

You'll start receiving disability payments if you satisfy the Elimination Period (see "When benefits begin" in the table) and meet the definition of disability if you're insured when you become disabled.
